MEMORANDUM FOR THE RECORD

SUBJECT: Senate Subcommittee on Federal Services, Post Office
and Civil Service Request for Language Volunteering
~~CIA as Leave Bank Demonstration Project under S. 2140~~

1. On 26 September, Ed Gleiman, Staff Director for the Federal Services, Post Office and Civil Service Subcommittee, called to inform me that OPM was resisting establishing demonstration projects on leave bank transfer programs as would be required under S. 2140. Gleiman indicated that OPM had argued that there were no agencies willing to sign up. He asked if we were still interested in volunteering.

2. I informed Gleiman that the Agency did indeed want to establish a leave bank transfer program for our employees but under the provisions of S. 2140 we were constrained because of the personnel information we would have to provide to OPM. Gleiman indicated that Committee Members could be persuaded to permit language in the Committee report which would limit the kind of reporting the Agency would have to provide to OPM if the Agency would agree to being identified as a demonstration project. He asked if the Agency would permit being named as a demonstration project under these conditions.

3. After several consultations with the Office of Personnel, the ADDA and several further conversations with Gleiman, I advised Gleiman that we would have to pass on his offer. The sticking point became the requirement that the Agency would have to reveal the number of employees between a range of 1,000 to 25,000 in order to be named as a demonstration project. I expressed my appreciation to Gleiman for his interest, recognizing that he was probably motivated by seeking to embarrass OPM.
